PENNY'S CONFIDENCE IN HYOMEL.

Not A Penny Need Be Paid Unless It Cures You Of Catarrh.

"Use Hyomel and be cured of catarrh," says G. I. Penny. When a prominent business house like this comes out and advertises that Hyomel will not cost a penny unless it does all that is claimed for it, it shows what remarkable confidence they have in this scientific medical treatment.

A complete Hyomel outfit consists of a neat inhaler that can be carried in the pocket or purse, a medicine dropper and a bottle of Hyomel, and costs but \$1.

The inhaler lasts a lifetime and when extra bottles of Hyomel are needed they can be obtained for 50¢.

This treatment does away with all disagreeable and dangerous stomach dosing.

Breathed through the Hyomel inhaler for

a few minutes four times a day, it impregnates every particle of air taken into the

air passages of the lungs with germ-killing and health giving balsams.

In this way it cures the most chronic and deepest catarrhal diseases of the air passages and respiratory organs.

The user is the sole judge whether Hyomel is to be paid for or not. If it does not help, Mr. Penny will cheerfully return the money and it will not cost a penny.

It is said that a small Oklahoma church was sadly in need of repair and a meeting was held with a view to raising funds for that purpose. The minister having said that \$500 would be needed, a very wealthy and stony member arose and said he would give \$1. Just as he sat down a piece of plaster fell from the ceiling and hit him on the head, whereupon he hastily arose and said that he had made a mistake—that he would give \$50. This was too much for an enthusiastic deacon present, who forgotful of everything called out fervently: "Oh, Lord, bethim again! Hit him again!"

Cam Baker was killed by lightning at Hazard, Perry county.

Proper Treatment of Pneumonia.

Pneumonia is too dangerous a disease for anyone to attempt to doctor himself, although he may have the proper remedies at hand. A physician should always be called. It should be borne in mind, however, that pneumonia always results from a cold or from an attack of the grip, and by the proper treatment of these diseases a threatened attack of pneumonia may be warded off. There is no question whatever about this as during the 30 years and more that Chamberlain's Cough Remedy has been used we have yet to learn of a single case of a cold or attack of the grip having resulted in pneumonia when this remedy was used. It is also used by physicians in the treatment of pneumonia with the best results. Dr. W. J. Smith, of Sanders, Ala., who is also a druggist, says of it: "I have been selling Chamberlain's Cough Remedy and prescribing it in my practice for the past six years. I use it in cases of pneumonia and have always gotten the best results." Sold by W. N. Craig.

This will not only be an amusement to the people but will be of great help financially to the merchants of the city as it will bring many hundreds of dollars into the town.

"IF W R Hearst is the democratic nominee for president, we suggest that there be no election held this fall, but by acclamation declare Roosevelt elected."—Mt. Vernon Signal. But Albright shouldn't be so severe on Mr. Hearst, who is not only a good democrat, but who has done great service for the party. The fact that he has eight great daily newspapers and some \$15,000,000 or \$20,000,000 should not be urged against him. Mr. Hearst has proven his ability as a business man, is holding a seat in Congress from a district nearly 7,000 republicans, which should give him some precedence as a politician, is to the prime of an honorable life, and we think, fully able to carry democracy's banner to victory. THE INTERIOR JOURNAL is not red hot for Mr. Hearst by a long shot, but it sees no good reason to fight him or do even worse—compare him with Teddy—as the Signal has done.

Gov. Beckham replies to the criticism made by Attorney General Hays of his action in vetoing the bill providing assistants for the attorney general's department at a yearly expense of \$6,200. He characterizes the attack made on him as "unwarranted and based on false statements." He says that Attorney General Hays perverted the records in order to disparage him and deceive the public. The governor also says that much of the money paid out for attorneys' fees which Attorney General Hays charges to his administration was paid for attorneys employed under the administrations of Gov. Bradley and Gov. Brown. He concludes by saying that he has no apology for vetoing the measure, and would do it again if it came before him.

THE demand for houses in Stanford continues to grow. The population of the best town on the map would increase rapidly if all those who want to come here to live could only rent or buy houses to live in. Seems to us our citizens with capital are standing in their own light by not putting up a few residences at least. A dozen cottages could be let to good renters in a dozen minutes and still the money would be for more.

BLACK - DRAUGHT STOCK and POULTRY MEDICINE

Stock and poultry have few
troubles which are not bowel and
liver irregularities. Black-Draught Stock and Poultry Medicine
is a bowel and liver remedy
for stock. It puts the organs of
digestion in a perfect condition.
Pronounced American breeders and
farmers keep their herds and flocks
healthy by giving them an occa-
sional dose of Black-Draught Stock
and Poultry Medicine in their
food. Any stock raiser may buy a
25-cent half-pound air-tight can
of this medicine from his dealer
and keep his stock in vigorous
health for weeks. Dealers generally
keep Black-Draught Stock and
Poultry Medicine. If yours does
not, send 25 cents for a sample
can to the manufacturers, The
Chattanooga Medicine Co., Chat-
tanooga, Tenn.

ROCHELLE, Ga., Jan. 30, 1902.

REV. WILLIAM SHELTON, JR.

The Rev. William Shelton, Jr., died
at St Thomas Hospital, after an illness
of about two months. Mr. Shelton was
the pastor of the North Edgefield Bap-
tist church and came to this city in
January to accept the pastorate. He
had served for only a few Sundays,
when he became ill and was taken to
the hospital, where it was found neces-
sary to perform an operation.

Mr. Shelton was born in Murfrees-
boro in 1857. He was the son of the
Rev. William Shelton, Sr., of Stan-
ford, Ky., who was at one time the
president of the old Union University
at Murfreesboro. His mother was the
sister of ex-Gov. William B. Camp-
bell. Mr. Shelton was educated at
Bethel College, Kentucky, and upon
his graduation was ordained into the
ministry. He was for a time the pastor
of the Baptist church at Mt. Wash-
ington, Ky., and later served at Dalton
Gap, and Fulton, Mo. He next engaged
in evangelistic work in Kansas City,
Mo., and served there until the first of
this year, when he accepted the call to
the North Edgefield Baptist church.

Mr. Shelton was one of the best loved
ministers of the Baptist church and was universally popular wherever
he was called. He was a man of the
highest character and intelligence and gave
his life to his work. He had a
host of friends throughout Kentucky,
Missouri and Tennessee and his death
will cause a profound sorrow.

Mr. Shelton married Miss Hattie
Base, of Wilson county, this State. His
wife and only child, Albert, survive
him. His wife was at his side when he
died. His son is attending the Kansas
City Medical College and was unable
to be present. He is expected here for
the funeral.

The funeral took place at the North
Edgefield Baptist church. The services
were conducted by Dr. J. M. Phillips,
of Waterbury, assisted by local
preachers. The burial was at Mt.
Olivet Cemetery.—Nashville Daily
News.

To the Voters of the Fifth Ap-
pellate Court District of
Kentucky.

I am a candidate for Judge of the
Court of Appeals from this district,
subject to the action of the democratic
party. As circuit judge, it became my
duty to try a number of criminal cases,
which have become a part of the State's
history and at a most critical time. As
judge of the State fiscal court, it fell to my
lot to construe the Statutes adopted,
to put in force the provisions of the
new constitution, as well as to construe
the present constitution whenever a
controversy arose as to its proper con-
struction. Almost innumerable cases
have burdened the dockets of my court,
touching the rights of corporations and
the exercise of franchises under the
law. How well I have discharged my
duties under such trying circumstances,
is left to you to determine.

I will be very grateful to all who feel
they can assist me to secure the high
position and office to which I aspire.
Very respectfully,
JAMES E. CANTRILL
